

## ABOUT HELP A CAPITAL CHILD

Help a Capital Child is the charity of 95-106 Capital FM. For 36 years, Capital listeners have been making a difference to disadvantaged children and young people in London and now we're taking this support right across the Capital network.

### WHO WE'RE HELPING

When you're a teenager, life should be all about hanging out with your mates, going to gigs and experiencing whatever life has to offer for the first time. **But for six teenagers a day, life changes overnight when they are told they have cancer.** Usually placed on a children's ward or with elderly patients, young people often feel isolated when they have cancer, never meeting anyone else going through the same thing.

This is why we're going to be helping Teenage Cancer Trust to fund specialist units and care for young people with cancer right across the areas where Capital transmits. We want to help make sure that cancer doesn't stop these teenagers in their tracks and that they are given the best possible quality of life and chances of survival.

### UNIT LOCATIONS

We will be helping to fund new units in some areas. Where there is already a unit in the hospital, we will be funding vital nursing and care costs.

95.8 Capital FM London

105-106 Capital FM Scotland

105-106 Capital FM North East

105 Capital FM Yorkshire
